

Benefit Plan

Executive Committee

Effective January 1, 2026

The Health Benefit Trust of Alberta (HBTA) is a multi-employer employee life and health trust; the purpose of which is to provide designated employee benefits, including sickness and accident benefits, to eligible employees of employers who participate in the HBTA. Each participating employer selects the employee benefit programs, many of which are collectively bargained, and tailored to suit the needs of each of their employee groups.

A Board of Trustees called the Policy Council, whose membership is appointed by the participating employers, oversees the management and administration of the HBTA, which operates on a not-for-profit basis. Policy Council alone has responsibility, power, and authority to make decisions for the governance and administration of the HBTA, which may include delegation of certain plan administration functions to a third party. In exercising their power and authority, Policy Council is committed to being fiscally responsible and operating for the collective benefit of HBTA plan participants.

Plan administration for the HBTA has been delegated to the Employee Benefits and Retirement Programs Group of Alberta Health Services as Plan Administrator. The Plan Administrator prepared this booklet to describe your benefit plan. The Plan Administrator also provides professional consulting and administrative services to the Policy Council and employers participating in the HBTA.

The information provided in this booklet summarizes the benefits available to you and does not create or establish any contractual rights or legally binding obligations. In the event of a discrepancy or error, the terms and conditions of HBTA policies, contracts, and legal plan documents will apply.

The HBTA Policy Council is the Group Policyholder for all benefit plan policies and contracts. Authorization for distribution of copies of HBTA benefit plan policies has been delegated solely to the HBTA Plan Administrator. Any inquiries related to copies of the contract or official plan documents, regardless of whether the inquiry results from legal or arbitration proceedings, must be directed through your Benefits Representative.

Definition of Dependents

Dependents eligible for coverage must permanently reside in Canada and are defined as follows:

Spouse

- A person who is legally married to the employee according to applicable provincial legislation; or
- A common law spouse who has cohabitated with the employee for a minimum of 12 consecutive months, having been represented as the employee's spouse, and who is not a blood relative.

An employee can insure only one spouse at a time. Unless otherwise formally requested by the employee, the person legally married to the insured employee shall be considered to be the spouse. A change from common law spouse to legal spouse is valid only when the legal spouse is cohabitating with the employee. An ex-spouse is not an eligible dependent.

Dependent Children

A child is insurable from live birth if they are unmarried and:

- a natural, adopted or step child of the employee or insured spouse, or
- a child for whom the employee or the insured spouse has been appointed legal guardian by a court of law if in the care and control of the insured employee. Proof of guardianship is required.

A child under age 21 must be financially dependent upon the employee and not working more than 30 hours per week, unless a full time student.

A child age 21 or over must be:

- a full time student under age 25; or
- incapacitated for a continuous period beginning
 - before age 21; or
 - while a full time student and before age 25.

A child is considered incapacitated if they are incapable of supporting themselves due to a physical or psychiatric disorder and is fully dependent upon the employee for maintenance and support.

Note: Incapacitation must be total and permanent and may require ongoing proof.

A child of the insured spouse does not qualify unless:

- he or she is a child of the employee; or
- the spouse is living with the employee and has custody of the child.

A child is considered a full time student if they are in registered attendance at an accredited post-secondary educational institution on a full time basis as defined by that institution, and ineligible for coverage under another employer sponsored benefit plan as an employee or a spouse.

A child being paid to attend an educational institution is not considered to be a full time student.

Termination

Your coverage terminates on the earlier of the date that:

- the policy terminates,
- you cease to be actively at work due to termination of employment,
- your employment status changes so that you are no longer eligible for coverage,
- you are no longer eligible due to age limitations, or
- 30 months from your original date of disability if you are not actively at work.

Dependent coverage (if applicable) terminates on the earlier of the date the employee or the dependent is no longer eligible.

Claims

Supplementary Health and Dental Claims

Payment of eligible Supplementary Health and Dental expenses will be made providing a claim is received by Alberta Blue Cross within 12 months of the date the expense was incurred. If your coverage terminates Alberta Blue Cross must receive your claims within 2 months of your plan termination date.

Some benefit expenses are billed directly to Alberta Blue Cross such as prescriptions dispensed by a pharmacist or expenses submitted electronically by your dentist or optometrist. Hospital benefits may be provided on a direct payment basis. If you are charged for the full amount, it is your responsibility to submit a claim for reimbursement.

Some Health Services are covered on a reimbursement basis. You must pay the provider, obtain an official receipt and submit this to Blue Cross for payment.

A Dentist or Dental Mechanic may elect to bill Blue Cross directly for payment or may choose to collect the full cost of services from the patient. It is your responsibility to submit the expense to Alberta Blue Cross for reimbursement.

Out of Province/Country Emergency Health benefits should be claimed on an Out of Province/Country Claim Form which is available from the [Alberta Blue Cross website](#) or from any Alberta Blue Cross office.

Coordination of Benefits

Coordination of Benefits is a process whereby individuals, couples or families can coordinate two or more benefit plans to receive the maximum eligible coverage. The ability to coordinate benefits is standard practice among benefits carriers in Canada.

The insurance industry has guidelines for the order in which individuals, couples or families may submit claims.

The following is an example of how benefits are coordinated with a spouse's plan.

- **If the expense was incurred by you:** submit the claim first under your group plan. Any portion of the expense not covered by your plan may then be submitted under your spouse's plan.
- **If the expense was incurred by your spouse:** submit the claim first under your spouse's plan. Any portion of the expense not covered by your spouse's plan may then be submitted under your group plan.
- **If the expense was incurred by a dependent child:** submit the claim first to the plan of the parent whose birth month occurs first in the calendar year. If both parental birthdays are in the same month, then submit the claim first to the plan of the parent whose day of birth is earlier. If both parental birth dates are on the same month and day (regardless of year), submit the claim first to the plan of the parent whose first letter of their first name is earlier in the alphabet. Any unpaid balance can then be submitted to the other parents' plan.

Benefits may be coordinated at your healthcare professional's office by providing both coverage numbers. You may also submit claim forms directly to your provider. You must answer the question on the claim form regarding the coverage you are coordinating with so the insurers can ensure the claim has been submitted in the correct order.

To find out how to coordinate benefits with another plan contact Alberta Blue Cross directly or refer to the brochure “Understanding Coordination of Benefits” available at: <https://www.ab.bluecross.ca/pdfs/80839.pdf>

Health Spending Account Claims

Unpaid balances for claims submitted to your Supplementary Health and Dental plans transfer automatically to your Health Spending Account for reimbursement, provided you have credits available.

If you prefer to control which expenses are submitted to your Health Spending Account, are coordinating benefits, or if you are planning to save your credits for a particular medical or dental expense, you can turn the automatic payment feature off by completing a Request for Discretionary Payment form. By asking for discretionary payments, this means that reimbursement will only be paid if a completed form is submitted to Alberta Blue Cross. The Request for Discretionary Payment form is available from your Benefit Representative.

All other eligible Health Spending account expenses not covered by your Supplementary Health and Dental plan can be submitted directly to Alberta Blue Cross for reimbursement.

You may call the Alberta Blue Cross Customer Service Contact Centre at 1-800-661-6995 during operation hours to check the balance of your account or you may view your statements online.

Note: Your Health Spending Account year end is December 31. Alberta Blue Cross must receive your Spending Account claims within 2 months of year end. Be sure to allow sufficient lead time for mailing and processing. Claims received after 2 months from year end will not be processed.

You can submit most claims to Alberta Blue Cross electronically. The online process is easy, secure and quick with a daily processing schedule. Register online as indicated in the “Online Claim Submission” section.

You can also submit completed paper claim forms. See “Claims Payments” below, as the processing schedule for paper claims is not the same as online claims. Claim forms may be obtained from any Alberta pharmacy, your local Blue Cross office or the [Alberta Blue Cross website](#).

Flexible Spending Account

The Flexible Spending Account (FSA) is designed to enhance your Supplementary Health and Dental benefits coverage and encourage fitness, wellness and professional development, and to assist with family care needs. No employee contribution is required. This program is fully employer funded. The Introduction and Benefit Plan Summary and General Provisions sections of this booklet provide further information about this plan.

The FSA is an individual employee account that provides benefit dollars (credits). You can direct these credits to non-taxable Health Spending Account or a taxable Personal Spending Account. Once a year you make an irrevocable allocation of your credits among these options.

Health Spending – These claims must meet Canada Revenue Agency (CRA) guidelines as an eligible tax-deductible expense.

Personal Spending – All expenses reimbursed under these categories are subject to income tax, CPP and EI and your employer will process the necessary deductions through payroll. Original receipts can be retained, as some expenses may be eligible for personal tax relief.

Account Balances

The Flexible Spending Account is funded on a calendar year basis. Any funds left in your account at the end of each year will be carried forward to the following year. If these funds are not spent during the year to which they have been carried forward, they will be forfeited at the end of that year. You must ensure that your claim is received by Alberta Blue Cross within two months of the end of the year in which the expense is incurred in order for it to be paid.

Note: Claim balances are available online, anytime, at https://www.ab.bluecross.ca/online_services.php or by calling Alberta Blue Cross at 1-800-661-6995.

Credits

If you are eligible for this program, each January 1st, credits are deposited into your FSA. Your full credit amount is 2% of basic annual salary prorated according to your full time equivalency (FTE) on December 1st of the preceding benefit year. Your credit amount does not change throughout the year if you undergo a FTE or salary change. If you become eligible for this plan mid-year, your credits are prorated relative to the amount of time that remains in the year.

These credits can be allocated to one or more of the following accounts:

1. Health Spending Account
2. Personal Spending Account

Note: Each year, (normally in December) you are required to allocate your flex credits for the following year. If you have not submitted your allocation instructions, and if they have not been received and confirmed within the timeframe provided, 100% of your new credits will default to your Health Spending Account.

Health Spending Account (non-taxable)

The Health Spending Account is a non-taxable account. No personal income taxes are payable on these credits as long as the medical, dental, and vision expenses adhere to Canada Revenue Agency's guidelines. You may cover expenses for yourself and anyone you report on your income tax as an eligible dependent, which is defined by CRA and described later in this document.

The Health Spending Account provides coverage for medical, dental, and vision expenses not fully covered or excluded from coverage under your core benefit plan. The Canada Revenue Agency (CRA) defines non-taxable, eligible expenses under its guidelines, and these are subject to change without notice. A copy of these guidelines is available on the CRA Website.

Personal Spending Account (taxable)

The Personal Spending Account is taxable because the eligible expenses do not adhere to the Canada Revenue Agency guidelines. You are taxed on the claims paid, not on the amount of credits that you allocate.

Eligible expenses for Commuting to work, dental support, family care, financial contributions, fitness apparel, fitness and sport activities, fitness and sports equipment, health support, legal and financial advice, maintenance assistance, personal computing and mobile digital devices, personal interest, personal insurance, pet care, professional development, professional development travel, recreational and leisure activity, recreation and leisure travel, safety and security, work apparel and work from home are applicable to you and your eligible dependents.

Life Insurance

You are covered by Life Insurance and Accidental Death and Dismemberment Insurance 24 hours per day for the term of your eligible employment. The HBTA offers a wide range of group life products to ensure that employees have flexibility in selecting the appropriate type and amount of life insurance.

Basic Life

In the event of your death, your designated beneficiary will receive a non-taxable lump sum in the amount of 2X your basic annual earnings.

Additional Basic Life

Additional Basic Life Insurance provides an additional 1X annual salary provided on a discretionary basis. It is an employee paid benefit. This coverage is available without medical evidence providing you apply within 31 days of becoming eligible under this plan. Your Benefit Representative can provide you with premium information.

Maximum coverage is \$500,000 combined with Basic Life coverage.

Additional Basic Life must be selected with Additional Basic AD&D.

Optional Dependent Life

This employee-paid plan provides insurance coverage on the lives of your spouse and dependents. You are automatically the beneficiary. Your spouse is covered for \$10,000 and each dependent child for \$5,000. If you apply within 31 days of becoming eligible or gaining your first dependent (spouse or child), satisfactory medical evidence is not required.

Coverage terminates on the date your dependents are no longer eligible or the date you or your spouse reach age 70.

Advance Life Payment

If you are diagnosed with a terminal illness, you may be eligible to receive a portion of your Basic Life Insurance benefit prior to your death. Please contact your Benefits Representative for more information.

Conversion

When your life insurance terminates, you may apply to have your life insurance (or a portion of it) converted to an individual policy, up to \$200,000. The rates for the individual policy will be based on your age, gender and whether or not you smoke at the time of conversion. The primary advantage of the conversion feature is that you can obtain life insurance without producing evidence of good health. You have 60 days from the date the insurance terminates to apply and pay for your converted policy. During this time your life insurance stays in effect.

You cannot convert your (or your spouse's) life insurance if termination occurred because of age.

Short Term Disability

Your Short Term Disability (STD) benefits will begin after your sick leave benefits end or after 7 calendar days, whichever is later, and may continue for up to 24 weeks.

Schedule of Benefits

The STD benefit is 66 2/3% of your basic regular earnings, to a maximum of \$1,539 per week if you are unable to work due to illness or injury. The taxable benefit payable is directly related to your regular earnings at the time of disability.

You may be eligible for STD benefits immediately after the expiry of your sick leave benefits if:

- you are admitted to a hospital and remain an inpatient for at least 24 hours
- your disability is due to day surgery with a general anesthesia
- your disability is the result of an accident
- there is a declared pandemic/respiratory infection outbreak.

Coordination with Other Income

Your STD benefits will be either offset or coordinated with income from sources such as: Workers' Compensation, benefits payable as a result of provincial or federal legislation, any employment earnings, or civil suits if applicable.

Exclusions and Limitations

Disabilities arising from the following will not be covered: acts of war, participation in a riot or service in the armed forces.

Recurring Disabilities

If you recover and return to work after receiving STD benefits but within 14 calendar days are again disabled due to the same or related causes, benefits will resume immediately.

Long Term Disability

If you become disabled, the Long Term Disability Plan (LTD) may provide you with benefits in the event you are unable to work after 24 weeks of being disabled.

Schedule of Benefits

The benefit level is 66 2/3% of your monthly earnings to a non-evidence maximum of \$6,670 per month. Benefits are taxable and paid monthly.

Insurance levels between \$6,670 and \$10,000 may be purchased upon approval of evidence of insurability by Canada Life.

Coordination, Exclusions and Limitations

LTD benefits are reduced by other income including:

- disability or retirement benefits to which you are entitled under the Canada Pension Plan/Quebec Pension Plan;
- benefits from the Workers' Compensation Board;
- employment income (unless approved as rehabilitation income); and
- early retirement benefits.

If disability income from employment or government sources exceeds 80% of your pre-disability rate of pay, your LTD benefits will be reduced. This includes income such as your dependents' benefits and other benefits available through legislation to you or your family members as a result of this disability.

You will receive LTD benefits if you are unable to perform the duties of your own job during the first 24 month period. At the end of this period, you will be considered disabled only if you are unable to perform the duties of any gainful occupation for which you are suited based on your education, training or experience. LTD benefits continue as long as you satisfy the definition of disability and end upon the earlier of recovery, age 65, death, or normal retirement age.

Disabilities that result from acts of war, participation in a riot, armed forces service, or substance abuse (unless participating in an approved program) will not be covered.

You must be under the care and direction of a physician licensed to practice in Canada. You are also required to cooperate with reasonable treatment programs. You are not eligible for LTD benefits for any period of incarceration, confinement, or imprisonment by authority of law.

Recurring Disabilities

Your LTD benefits will resume immediately if after recovering and returning to work, you are again disabled due to the same or related causes within 6 months. If you become disabled as a result of an unrelated disability after returning to work, you may be eligible for short term disability benefits prior to filing a new claim under the LTD plan.

Rehabilitation

A rehabilitation program is designed to help you return to gainful employment. If you enter an approved program, your earnings will not be used to reduce your monthly LTD benefit unless the combination exceeds 100% of your pre-disability rate of pay. If you choose not to participate in a rehabilitation program approved by the insurer, your LTD benefits end.
