The Health Benefit Trust of Alberta (HBTA) is owned by health care employers that participate in a diverse, multi-employer plan. The owners are responsible for the HBTA and its management. The HBTA operates on a not-for-profit basis and is governed by a Policy Council whose members are from participating employers. The HBTA Policy Council is committed to being fiscally responsible, operating in the best interests of the participants, and being accountable to the participants.

A Board of Trustees called the Policy Council, whose membership is appointed by the participating employers, oversees the management and administration of the HBTA, which operates on a not-for-profit basis. Policy Council alone has responsibility, power, and authority to make decisions for the governance and administration of the HBTA, which may include delegation of certain plan administration functions to a third party. In exercising their power and authority, Policy Council is committed to being fiscally responsible and operating for the collective benefit of HBTA plan participants.

Plan administration for the HBTA has been delegated to the Employee Benefits and Retirement Programs Group of Alberta Health Services as Plan Administrator. The Plan Administrator prepared this booklet to describe your benefit plan. The Plan Administrator also provides professional consulting and administrative services to the Policy Council and employers participating in the HBTA.

The information provided in this booklet summarizes the benefits available to you and does not create or establish any contractual rights or legally binding obligations. In the event of a discrepancy or error, the terms and conditions of HBTA policies, contracts, and legal plan documents will apply.

The HBTA Policy Council is the Group Policyholder for all benefit plan policies and contracts. Authorization for distribution of copies of HBTA benefit plan policies has been delegated solely to the HBTA Plan Administrator. Any inquiries related to copies of the contract or official plan documents, regardless of whether the inquiry results from legal or arbitration proceedings, must be directed through your Benefits Representative.

## Opting In and Opting Out of Coverage

Supplementary Health and Dental plans are mandatory and you must be enrolled in these plans unless you qualify under the opting out provisions.

You may opt out of the Supplementary Health and Dental plans with proof of coverage through a spouse or other employer plan as long as proof of the other coverage is provided within 31 days of initial enrolment or of gaining the other coverage. If you opt out of Supplementary Health, you will also be opting out of Out of Province/Country Emergency Health coverage.

If you have opted out of the Supplementary Health and Dental plans, you can opt back into the plans only if you lose your spousal or other group coverage and provide proof within 31 days of the loss of coverage. You must experience a complete loss of coverage to opt in; a change or reduction of coverage is not considered a loss of coverage.

You cannot opt out of coverage if you have coverage through a personal/individual plan, an association plan, Indigenous Affairs & Northern Development, the Government Child Health Benefit, or if you are covered under a parent's plan. Certain exceptions apply if your spouse is with the Canadian Military service and is covered by military benefits.

### Late Applicants

A late applicant is an eligible dependent who was not enrolled for Supplementary Health or Dental benefits within 31 days of the date of benefits eligibility. A late applicant is also an employee (and eligible dependent, when applicable) who was not enrolled within 31 days of the date he or she lost spousal or other employer coverage.

You are a late applicant if your application for coverage is received more than 31 days after you are eligible to enroll in benefits or your spousal or other employer coverage is lost. Late applicant rules will apply and, in most cases, you will be required to pay retroactive premiums.

If family premiums have not been paid and a request to add a newborn child is received within 24 months of the baby’s date of birth, family coverage and premiums will start the first day of the month following the date the notice is received by Benefits Administration. If the request is received more than 24 months from the date of birth, family coverage and premiums will be effective for a retroactive period of 12 months.

### Your Personal Information

It is very important to ensure that the most current personal information such as your home address and contact information, marital status, dependents, and emergency contacts is up to date on e-People. If your information is outdated or incorrect, you may miss out on important announcements. Your payroll and benefits may be affected, and your T4 or other important documents may be mailed to the wrong address. Check your personal information regularly to ensure that it is correct.

### Termination of Employee Benefits

When you terminate employment or move to an ineligible status, your participation in the plan ceases.

Alberta Blue Cross must receive any claims incurred during the period you were covered within 2 months of the date you are no longer eligible or your termination date; for the claims to be processed.

### When Coverage Begins

Coverage becomes effective as shown on the chart below provided you are actively at work.

Coverage for:	Coverage Begins:
Supplementary Health Out of Province/Country Emergency Health Dental	First of the month following the date you become benefits-eligible or as indicated under late applicant provisions.

### When Coverage Ends

Dependent coverage ends on the date you and/or your dependent ceases to be benefits-eligible.

Coverage ends when you begin a leave of absence and do not prepay premiums.

Coverage for:	Coverage Ends on the Earlier of the date that
Supplementary Health (includes Out of Province/County Emergency Health) Dental	<ul style="list-style-type: none"> <li>• End of the month during which your employment terminates</li> <li>• End of the month during which your employment status changes so that you are no longer eligible for coverage</li> <li>• End of the month during which your share of the premiums is not paid as required</li> <li>• End of the month during which you obtain alternate coverage under your spouse’s plan (or other plan) and choose to cancel your coverage under this plan</li> <li>• End of the month during which the policy terminates</li> <li>• End of the month during which dependents no longer qualify due to age, separation, divorce or death</li> <li>• Out of Province/Country Emergency Health only: end of the month during which you reach age 70</li> </ul>

## Survivor Benefit

In the event of your death, the premiums are waived and Supplementary Health and Dental benefits continue for the surviving enrolled dependents without payment of premiums for a period of 12 months.

## Changes to your Coverage

There are times you may wish to make a change to your benefits coverage, particularly when there are changes to your employment and/or personal status. Following initial enrolment, certain conditions or restrictions may apply if you wish to change your coverage status under Supplementary Health or Dental.

It is important to enter any personal status changes such as marriage, divorce, addition or deletion of a dependent, change of address, etc. onto Employee Self Serve when they occur and to apply for benefits changes as soon as possible.

There are certain situations that do allow for single to family or family to single status changes to Supplementary Health and Dental coverage. These include:

- Addition of a child due to birth, formal adoption or legal guardianship
- Removal of a child due to the child reaching the maximum age, marriage, employment or death
- Addition of a spouse due to marriage or common law for 12 consecutive months
- Removal of a spouse due to divorce, common law separation or death
- Employee loss of spousal or other employer plan coverage (you must provide proof of loss of coverage)

**Note:** Your application for benefits changes is required within 31 days of the event prompting the change.

Request the removal of ineligible dependents as soon as possible. Your dependent child will be automatically removed from coverage at the end of the month in which the dependent reaches the maximum age. One of the most important things to be aware of regarding any type of transfer is that your Supplementary Health and Dental claims history will follow you into your new plan, and will be factored into your coverage when you make subsequent claims.

## How Changes Are Made

To make changes to your personal information including name, address, contact information and/or marital status log in to Employee Self Serve – Employee Home and choose “Personal Information Home”.

If you have experienced one of the situations listed above, log in to Employee Self Serve – Employee Home within 31 days of the event and choose “Benefits Home”. You may update some of your coverage information and add or remove dependents to or from your coverage. To guide you through the process, e-People Employee Resources are available on Insite.

Please see the section “Opting in and Opting Out of Coverage” earlier in this section if you have gained or experienced a loss of spousal or other employer coverage.

For any coverage changes it is recommended that you contact the [HR Contact Centre](#) at 1-877-511-4455. A representative can help you initiate your changes.

Certain restrictions or conditions apply to changes made more than 31 days after an allowed event or for any other requests to increase coverage. Late Applicant information may be found earlier in this section.

Any changes to Supplementary Health or Dental coverage will prompt Alberta Blue Cross to issue a new ID card to you. It is important to notify your pharmacist, dentist and any other health provider who may direct bill when you are issued a new card.

## When Supplementary Health and Dental Coverage Changes Are Effective

Newborns will be added to your coverage on the date of birth provided you have applied for coverage within 31 days of the date of birth. If you are moving from single to family status, family premiums will be deducted.

The addition or removal of a legal or common law spouse or other dependent to or from coverage will be effective on the first day of the month following the date the change was requested provided you have

applied for the change within 31 days of the date the change event occurred. Remove your spouse or dependent(s) as soon as possible, if applicable.

Any changes to coverage that are requested more than 31 days after the event prompting the change are subject to late applicant rules which were described earlier in this booklet.

## Premium Costs and Deductions

Employer and employee premium rates are posted on [here](#). Cost shares are noted earlier in this section in the Benefits Summary.

The claims experience of all benefit plans is reviewed annually. Any changes to premium rates resulting from the review are communicated to plan members in advance and are normally implemented at the beginning of a new benefit year.

The portion of Supplementary Health and Dental premiums you pay may be claimed on your income tax return. Information on how to claim is available from the Canada Revenue Agency.

## Coverage While on a Leave of Absence

If you apply for a Leave of Absence and it is approved, you may purchase your benefits coverage for up to one year or to the end date of a temporary position you occupy if you are not returning to a regular position. Continuation of benefits while on leave is optional. You may purchase all your benefits coverage or decline coverage altogether.

Various conditions apply to continuation of benefit plan coverage on a Leave of Absence and to your return to work. If you apply for a Leave of Absence, you will be provided with a Leave of Absence Package with full details. Contact the [HR Contact Centre](#) for more information.

## Coordination of Benefits

Coordination of Benefits is a process whereby individuals, couples or families can coordinate two or more benefit plans to receive the maximum eligible coverage. The ability to coordinate benefits is standard practice among benefits carriers in Canada.

The following is an example of how benefits are coordinated with a spouse's plan.

- **Expense incurred by you:** submit the claim first under your group plan. Any unpaid portion may then be submitted under your spouse's plan.
- **Expense incurred by your spouse:** submit the claim first under your spouse's plan. Any unpaid portion of the expense may then be submitted under your group plan.
- **Expense incurred for a dependent child:** submit the claim first to the plan of the parent whose birth month occurs first in the calendar year. If both birthdays are in the same month, submit the claim first to the plan of the parent whose day of birth is earlier. If both parental birth dates are on the same month and day (regardless of year), submit the claim first to the plan of the parent whose first letter of their first name is earlier in the alphabet. Any unpaid balance can then be submitted to the other parent's plan.

Benefits may be coordinated at your health care professional's by providing both coverage numbers. To ensure coordination of benefits ensure you provide information for all plans under which you have coverage.

To find out how to coordinate benefits with another plan contact Alberta Blue Cross directly or refer to their brochure "[Understanding Coordination of Benefits](#)".
